

Nurse Licensure Compact Update

Nurse Licensure Compact (NLC)

The mutual recognition model of nurse licensure allows a nurse to have one license (in his or her state of residency) and to practice in other states (both physically and electronically), subject to each state's practice laws and regulations. Under mutual recognition, a nurse may practice across state lines unless otherwise restricted. In order to achieve mutual recognition, each state must enact legislation or regulation authorizing the Nurse Licensure Compact. States entering the compact also adopt administrative rules and regulations for implementation of the compact. Once the compact is enacted, each compact state designates a Nurse Licensure Compact Administrator to facilitate the exchange of information between the states relating to compact nurse licensure and regulation. On January 10, 2000, the Nurse Licensure Compact Administrators (NLCA) were organized to protect the public's health and safety by promoting compliance with the laws governing the practice of nursing in each party state through the mutual recognition of party state licenses. The Executive Director of the Texas Board of Nursing serves as the Compact Administrator for Texas.

NLCA Meetings

The Nurse Licensure Compact Administrators (NLCA) and the NLCA Executive Committee (NLCA EXEC) meet regularly via teleconference and face to face at least twice a year. The last face to face meeting of the NLCA took place on March 15, 2015 in Louisville, Kentucky. Items considered on the agenda included review of revisions to the Nurse Licensure Compact, Montana's experience in passing the NLC, adoption of a new Compliance Policy and Flow Charts, and update to the Strategic Plan.

Nurse Licensure Compacts Approved

A review and revision of the Nurse Licensure Compact and the APRN Compact was considered by a Special Called Delegate Assembly on May 4, 2015. Kathy Shipp, Mark Majek and Katherine Thomas attended. The Compacts were adopted.

Other Healthcare Licensee Compacts in Development

The National Association of State EMS Officials has developed an interstate Compact "to solve the problem associated with day-to-day emergency deployment of EMS personnel across state boundaries." This Compact was finalized in August 2014. For key talking points, see <https://www.nasemso.org/Projects/InterstateCompacts/>

The Federation of State Board of Physical Therapy (FSBPT) has drafted an Interstate Compact and is seeking public comment.

Compliance Committee

The Texas Compact Administrator co-chairs the Compliance Committee. The committee continues to refine new Compliance policies, develop flow charts for use of the new policies, and refine the self-audit tool. The new policies and flow charts were adopted at the March Mid Year meeting of the NLCA. The Committee is working with Nursys staff to develop an automated audit process through the Nursys data base. This audit will assist Compact Administrators in assuring compliance with the Compact.

Participating States

The Nurse Licensure Compact (NLC) has now been implemented in 24 states: Arizona, Arkansas, Colorado, Delaware, Idaho, Iowa, Kentucky, Maine, Maryland, Mississippi, Missouri, Nebraska, New Mexico, New Hampshire, North Carolina, North Dakota, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia and Wisconsin. *Montana has adopted the Compact but it will not be implemented until October 1, 2015.*

Texas Compact Statute and Rules

The Texas NLC Statute can be found at:
