Texas Occupations Code and Rules Regulating the  
Practice of Nursing  
Effective September 2017

## **Agency Mission**

The mission of the Texas Board of Nursing (BON or Board) is to protect and promote the welfare of the people of Texas by ensuring that each person holding a license as a nurse in this state is competent to practice safely. The Board fulfills its mission through the regulation of the practice of nursing and the approval of nursing educational programs. This mission, derived from the Nursing Practice Act, supersedes the interest of any individual, the nursing profession, or any special interest group.

## **Notice**

The 85th Regular Session of the Texas Legislature passed two bills which amended the Nursing Practice Act (NPA).

House Bill (HB) 2950 relates to the continuation and functions of the Board and to the regulation of the practice of Nursing. HB 2950, Sunset bill for the BON, continues the agency for 12 years until September 1, 2029. This bill: requires the BON to develop a path to initial licensure for graduates of out-of-state programs that are determined not to be substantially equivalent to Texas programs; requires the BON to ensure that license denials and disciplinary actions are connected to the applicant's or license holder's conduct, and that the conduct is determined to affect the person's ability to practice nursing; and, not later than March 1, 2019, requires the Board to remove a nurse's disciplinary action from the BON website if the nurse and action meet certain criteria: (1) the disciplinary action is the only disciplinary action taken against the nurse; (2) the disciplinary action was taken by the Board for a violation that is not related to the practice of nursing; (3) the disciplinary action did not result in the suspension or revocation of, or the probation of the suspension or revocation of the nurse's license; (4) the disciplinary action does not provide any indication that continued practice by the nurse may risk harm to a patient; and (5) the nurse has successfully completed the requirements imposed by the Board in the disciplinary order related to the disciplinary action. HB 2950 prohibits the BON from charging a nurse for the administrative costs of conducting a hearing at the state office for administrative hearings. The BON is also required to develop guidelines in rule to establish individualized requirements for participants in a peer assistance program, and to create a formal process that allows a nursing student to request a re-evaluation of the requirement to participate in the peer assistance program upon initial licensure. HB 2950 also requires the Board to develop guidelines to establish meaningful performance goals for evaluating the success of the peer assistance program. HB 2950 repeals the current Nurse Licensure Compact and replaces it with an updated version of the Compact (see pages 4-5). HB 2950 also discontinues two reporting requirements regarding pilot programs and records of the Board's proceedings. HB 2950 also permits advanced practice registered nurses (APRNs) to complete the medical certification for a death certificate if the patient is receiving palliative care or has executed a written certification of terminal illness and is receiving hospice care from a qualified hospice provider. The medical certification must be completed not later than five days after receiving the death certificate.

HB 3296 relates to persons required to establish nursing peer review committees. Following passage of HB 3296, a nursing peer review committee is required to conduct peer review for licensed vocational nurses if the person regularly hires, employs, or contracts for the services of 8 or more nurses and for registered nurses (RNs), if the person regularly hires, employs, or contracts for the services of 8 or more nurses, at least 4 of whom are RNs.

## Introduction

Welcome to the practice of nursing in the State of Texas. As you continue to practice as a nurse in Texas, it is your responsibility to be aware of changes to the law and the Board's rules and regulations. Changes are reported in the Board's quarterly newsletter mailed to all nurses licensed in Texas as well as posted on the BON web site. To assist you in being aware of these changes, the Board offers the following information and detailed table of contents.

Chapter 301 of the Texas Occupations Code (TOC) contains the Nursing Practice Act (NPA) which creates the BON and defines its responsibility for regulating nursing education, licensure and practice. Chapter 303 relates to Nursing Peer Review and Chapter 304 relates to the Nurse Licensure Compact. These chapters of the TOC define nursing practice and give the Board the authority to make rules which implement and interpret the NPA. Licensees are required to comply with the NPA and the Board's rules. The NPA and the Rules are amended from time to time. Only the Legislature can change the NPA, so statutory changes only occur every two years. The Board makes rule changes as needed to assist in the application of the NPA to evolving practice conditions and settings. It is necessary, therefore, that you keep up with the changes. You may print copies of this pamphlet by accessing our web page at [www.bon.texas.gov](http://www.bon.texas.gov).

Any person practicing or offering to practice nursing in this state is required to have a license. Your license must be renewed every two years in order to continue practicing in Texas. Once licensed, you are authorized to use the title "RN" or "LVN" and are required to wear a name tag identifying yourself as a "RN" or "LVN" while providing patient care.

You must keep the Board informed of your current address at all times. To inform the Board of your address change or a name change, send written notice, clearly marked "change of address" or "name change" to the Board's office within ten (10) days of the occurrence. Failure to do so can result in a lapse of your license and potential disciplinary action.

Nurses practicing in this state are expected to know and practice in compliance with chapters 301, 303, and 304 of the TOC and with the Board's Rules. Please refer to the following "Quick Reference" section. A complete set of the Board's Rules and Regulations Relating to Nurse Education, Licensure and Practice can be found at our web site.

- (d) Unless the person holds a license under this chapter, a person may not use, in connection with the person's name:
  - (1) the title nurse; or
  - (2) any other designation tending to imply that the person is licensed to provide nursing care.

### **Sec. 301.2511. Criminal History Record Information for License Applicants.**

- (a) An applicant for a registered nurse license must submit to the Board, in addition to satisfying the other requirements of this subchapter, a complete and legible set of fingerprints, on a form prescribed by the Board, for the purpose of obtaining criminal history record information from the Department of Public Safety and the Federal Bureau of Investigation.
- (b) The Board may deny a license to an applicant who does not comply with the requirement of Subsection (a). Issuance of a license by the Board is conditioned on the Board obtaining the applicant's criminal history record information under this section.
- (c) The board by rule shall develop a system for obtaining criminal history record information for a person accepted for enrollment in a nursing educational program that prepares the person for initial licensure as a registered or vocational nurse by requiring the person to submit to the board a set of fingerprints that meets the requirements of Subsection (a). The board may develop a similar system for an applicant for enrollment in a nursing educational program. The board may require payment of a fee by a person who is required to submit a set of fingerprints under this subsection.

[Amended by Acts 2013 (S.B. 1058), 83rd Leg., eff. Sept. 1, 2013.]

### **Sec. 301.252. License Application.**

  - (1) has good professional character related to the practice of nursing;
  - (2) has successfully completed a program of professional or vocational nursing education approved under Section 301.157(d); and
  - (3) has passed the jurisprudence examination approved by the board as provided by Subsection (a-1).

A determination by the board that an applicant does not have good professional character related to the practice of nursing must be based on a showing by the board of a clear and rational connection between a violation of this chapter or a rule adopted under this chapter and the applicant's ability to effectively practice nursing.
- (b) The board may waive the requirement of Subsection (a)(2) for a vocational nurse applicant if the applicant provides satisfactory sworn evidence that the applicant has completed an acceptable level of education in:
- (1) a professional nursing school approved under Section 301.157(d); or
  - (2) a school of professional nurse education located in another state or a foreign country.
- (c) The board by rule shall determine acceptable levels of education under Subsection (b).

- (1) the Board determines that the applicant meets the qualifications required by Section 301.252; and
  - (2) the applicant pays the fees required by the Board.
- (b) Each examination administered under this section must be prepared by a national testing service or the board. The board shall ensure that the examination is administered in various cities throughout the state.
- (c) The examination shall be designed to determine the fitness of the applicant to practice professional nursing or vocational nursing.
- (c-1) The board shall:
- (1) adopt policies and guidelines detailing the procedures for the testing process, including test admission, test administration, and national examination requirements; and
  - (2) post on the board's Internet website the policies that reference the testing procedures by the national organization selected by the board to administer an examination.
- (d) The Board shall determine the criteria that determine a passing score on the examination. The criteria may not exceed those required by the majority of the states.
- (e) A written examination prepared, approved, or offered by the Board, including a standardized national examination, must be validated by an independent testing professional.
- (f) The board shall develop a written refund policy regarding examination fees that:
- (1) defines the reasonable notification period and the emergencies that would qualify for a refund; and
  - (2) does not conflict with any examination fee or refund policy of the testing service involved in administering the examination.
- (g) The board may recommend to a national testing service selected by the board to offer examinations under this section the board's written policy for refunding an examination fee for an applicant who:
- (1) provides advance notice of the applicant's inability to take the examination; or
  - (2) is unable to take the examination because of an emergency.

**Sec. 301.254. Examination Results.**

- (a) The Board shall notify each examinee of the results of the examination not later than the 30th day after the date the examination is administered. If an examination is graded or reviewed by a national testing service, the Board shall notify each examinee of the results of the examination not later than the 14th day after the date the Board receives the results from the testing service.
- (b) If the notice of the examination results graded or reviewed by a national testing service will be delayed for longer than 90 days after the examination date, the Board shall notify each examinee of the reason for the delay before the 90th day.
- (c) If requested in writing by a person who fails an examination, the Board shall provide to the person an analysis of the person's performance on the examination.

**Sec. 301.255. Reexamination.**

The Board by rule shall establish conditions under which an applicant who fails an examination may retake the examination. For an applicant who fails the examination two or more times, the Board may:

- (1) require the applicant to fulfill additional educational requirements; or
- (2) deny the applicant the opportunity to retake the examination.

**Sec. 301.256. Issuance of License.**

If the results of an examination taken under Section 301.253 or 301.255 satisfy the criteria established by the Board under that section, the Board shall issue to the applicant a license to practice professional nursing or vocational nursing in this state. The license must be signed by the Board's Presiding Officer and the Executive Director and attested by the Board's Seal.

**Sec. 301.257. Declaratory Order of License Eligibility.**

- (a) A person may petition the board for a declaratory order as to the person's eligibility for a license under this chapter if the person has reason to believe that the person is ineligible for the license and:
  - (1) is enrolled or planning to enroll in an educational program that prepares a person for an initial license as a registered nurse or vocational nurse; or
  - (2) is an applicant for a license.
- (b) The petition must state the basis for the person's potential ineligibility.
- (c) The Board has the same powers to investigate the petition and the person's eligibility that it has to investigate a person applying for a license.
- (d) The petitioner or the Board may amend the petition to include additional grounds for potential ineligibility at any time before a final determination is made.
- (e) If the Board determines that a ground for ineligibility does not exist, instead of issuing an order, the Board shall notify the petitioner in writing of the Board's determination on each ground of potential ineligibility. If the Board proposes to find that the petitioner is ineligible for a license, the petitioner is entitled to a hearing before the State Office of Administrative Hearings.
- (f) The Board's order must set out each basis for potential ineligibility and the Board's determination as to eligibility. In the absence of new evidence known to but not disclosed by the petitioner or not reasonably available to the Board at the time the order is issued, the Board's ruling on the petition determines the person's eligibility with respect to the grounds for potential ineligibility set out in the written notice or order.
- (g) The Board may require an individual accepted for enrollment or enrolled in an educational program preparing a student for initial licensure as a registered nurse or vocational nurse to submit information to the Board to permit the Board to determine whether the person is aware of the conditions that may disqualify the person from licensure as a registered nurse or vocational nurse on graduation and of the person's right to petition the Board for a declaratory order under this section. Instead of requiring the person to submit the information, the Board may require the educational program to collect and submit the information on each person accepted for enrollment or enrolled in the program.
- (h) The information required under Subsection (g) must be submitted in a form approved by the Board.
- (i) If, as a result of information provided under Subsection (g), the Board determines that a person may not be eligible for a license on graduation, the Board shall notify the educational program of its determination.
- (j) The board may file a petition under this section based on the results of a criminal history record information check conducted under Section 301.2511. The board by rule shall adopt requirements for the petition and determination under this subsection. The rules must:
  - (1) identify the criminal offenses that constitute grounds for the board to file the petition; and
  - (2) describe the documents required by the board to make a determination of license eligibility.
- (k) The board shall make a determination of license eligibility under Subsection (j) not later than the 120th day after the date the person submits the required documents to the board under that subsection.
- (l) The board may require in a declaratory order under this section that a person begin participation in a peer assistance program at the time of receipt of an initial license under this chapter. The board shall notify the person that, on issuance of the person's initial license, the person may request reevaluation of the person's required participation in the peer assistance program.

- (m) The board by rule shall develop a process to determine whether a person should continue to be required to participate in a peer assistance program. In making the determination, the board shall:
- (1) review the person's criminal history record information and, if applicable, determine whether participation in the program is warranted based on the time that has elapsed since the conviction or end of community supervision;
  - (2) reevaluate or require a contractor administering a peer assistance program to reevaluate the treatment plan or the time the person is required to participate in the peer assistance program based on the person's individualized needs; and
  - (3) authorize, as appropriate, a waiver of peer assistance program completion if the board is satisfied the person has achieved a satisfactory period of treatment or documented sobriety, as defined by board rules, and continued participation is not necessary.

- (e) A person who brings an action under this section has the burden of proof. It is a rebuttable presumption that the person was suspended, terminated, or otherwise disciplined, discriminated against, or retaliated against for reporting under this subchapter, for refusing to engage in conduct as authorized by Section 301.352, for requesting a peer review committee determination under Section 303.005, or for providing advice to a person regarding reporting under this subchapter, refusing to engage in conduct as authorized by Section 301.352, or requesting a peer review committee determination under Section 303.005 if:

  - (3) the defendant conducts business.
- (g) Subject to Subsection (h), a nurse employed by a hospital operated by or on behalf of a state or local governmental entity who alleges a violation of Subsection (b) may sue the state or local governmental entity for relief under this section, and the sovereign immunity of the state or local governmental entity from suit and from liability is waived for the limited purpose of allowing the nurse to maintain a lawsuit in state court to obtain that relief. Relief under this section is in addition to any other remedies a nurse may have under state or federal law as a public employee. In this subsection:

- (1) "Local governmental entity," "public employee," and "state governmental entity" have the meanings assigned by Section 554.001, Government Code.

- (j) The following provisions of Chapter 554, Government Code, apply to a lawsuit under Subsection (g):
- (1) the type of relief and the amount of damages available to a public employee under Section 554.003;
  - (2) the time during which a public employee must seek relief under Section 554.005; and

The Board shall:
  - (1) maintain a record of the report; and
  - (2) investigate the report if it receives two or more reports involving separate incidents regarding the nurse in any five-year period.
- (c) The Board is not required to investigate a report filed by an insurer under Section 301.408, but shall:

  - (1) physical impairment;
  - (2) mental impairment; or
  - (3) chemical dependency or abuse of drugs or alcohol.
- (c) A demand for an evaluation under Subsection (b) must be in writing and state:
  - (1) the reasons probable cause exists to require the evaluation; and

- (d) If the nurse or applicant refuses to submit to the evaluation, the board shall schedule a hearing on the issue of probable cause to be conducted by the State Office of Administrative Hearings. The nurse or applicant must be notified of the hearing by personal service or certified mail. The hearing is limited to the issue of whether the board had probable cause to require an evaluation. The nurse or applicant may present testimony and other evidence at the hearing to show why the nurse or applicant should not be required to submit to the evaluation. The board has the burden of proving that probable cause exists. At the conclusion of the hearing, the hearing officer shall enter an order requiring the nurse or applicant to submit to the evaluation or an order rescinding the board's demand for an evaluation. The order may not be vacated or modified under Section 2001.058, Government Code.

- (g) If a nurse or applicant refuses to consent to an evaluation under Subsection (f), the nurse or applicant may not introduce an evaluation into evidence at a hearing to determine the nurse's or applicant's right to be issued or retain a nursing license unless the nurse or applicant:
  - (1) not later than the 30th day before the date of the hearing, notifies the board that an evaluation will be introduced into evidence at the hearing;
  - (2) provides the board the results of that evaluation;

- (k) If the board determines there is insufficient evidence to bring action against a person based on the results of any evaluation under this section, the evaluation must be expunged from the board's records.
- (l) The board shall adopt guidelines for requiring or requesting a nurse or applicant to submit to an evaluation under this section.
- (m) The authority granted to the board under this section is in addition to the board's authority to make licensing decisions under this chapter.

[Added by Acts 2009 (H.B. 3961), 81st Leg., eff. June 19, 2009. Subsection (j) amended by Acts 2011 (S.B. 193), 82nd Leg., eff. Sept. 1, 2011.]

**Sec. 301.453. Disciplinary Authority of Board; Methods of Discipline.**

- (a) If the Board determines that a person has committed an act listed in Section 301.452(b), the Board shall enter an order imposing one or more of the following:

  - (4) perform public service the Board considers appropriate; or
  - (5) abstain from the consumption of alcohol or the use of drugs and submit to random periodic screening for alcohol or drug use.
- (c) The Board may probate any penalty imposed on a nurse and may accept the voluntary surrender of a license. The Board may not reinstate a surrendered license unless it determines that the person is competent to resume practice.
- (d) If the Board suspends, revokes, or accepts surrender of a license, the Board may impose conditions for reinstatement that the person must satisfy before the Board may issue an unrestricted license.

[Amended by Acts 2009 (H.B. 3961), 81st Leg., eff. June 19, 2009. Amended by Acts 2013 (S.B. 1058), 83rd Leg., eff. Sept. 1, 2013.]

**Sec. 301.4531. Schedule of Sanctions.**

- (a) The Board by rule shall adopt a schedule of the disciplinary sanctions that the Board may impose under this chapter. In adopting the schedule of sanctions, the Board shall ensure that the severity of the sanction imposed is appropriate to the type of violation or conduct that is the basis for disciplinary action.
- (b) In determining the appropriate disciplinary action, including the amount of any administrative penalty to assess, the Board shall consider:

    - (A) is being disciplined for multiple violations of either this chapter or a rule or order adopted under this chapter; or
    - (B) has previously been the subject of disciplinary action by the Board and has previously complied with board rules and this chapter;

- (2) the seriousness of the violation;

**Sec. 301.455. Temporary License Suspension or Restriction.**

- (a) The license of a nurse shall be temporarily suspended or restricted on a determination by a majority of the Board or a three-member committee of board members designated by the Board that, from the evidence or information presented, the continued practice of the nurse would constitute a continuing and imminent threat to the public welfare.
- (b) A license may be temporarily suspended or restricted under this section without notice or hearing on the complaint if:
  - (1) institution of proceedings for a hearing before the State Office of Administrative Hearings is initiated simultaneously with the temporary suspension or determination to restrict; and
  - (2) a hearing is held as soon as possible under this chapter and Chapter 2001, Government Code.
- (c) The State Office of Administrative Hearings shall hold a preliminary hearing not later than the 17th day after the date of the temporary suspension or restriction to determine whether probable cause exists that a continuing and imminent threat to the public welfare exists. The probable cause hearing shall be conducted as a de novo hearing.
- (d) A final hearing on the matter shall be held not later than the 61st day after the date of the temporary suspension or restriction.

  - (1) tests positive for alcohol or a prohibited drug;
  - (2) refuses to comply with a board order to submit to a drug or alcohol test; or
  - (3) fails to participate in the peer assistance program and the program issues a letter of dismissal and referral to the board for noncompliance.
- (b) For the purposes of Section 301.455(c), proof of the elements required for the board to suspend a license under this section is proof that probable cause of a continuing and imminent threat to the public welfare exists.

[Added by Acts 2009 (H.B. 3961), 81st Leg., eff. June 19, 2009. Amended by Acts 2011 (S.B. 193), 82nd Leg., eff. Sept. 1, 2011.]

**Sec. 301.456. Evidence.**

A certified copy of the order of the denial, suspension, or revocation or other action under Section 301.452(b)(8) is conclusive evidence of that action.

**Sec. 301.457. Complaint and Investigation.**

- (a) The Board or any person may initiate a proceeding under this subchapter by filing with the Board a complaint against a nurse. The complaint must be in writing and signed by the complainant.
- (b) Except as otherwise provided by this section, the Board or a person authorized by the board shall conduct each investigation. Each complaint against a nurse that requires a determination of nursing competency shall be reviewed by a board member, consultant, or employee with a nursing background the Board considers sufficient.
- (c) On the filing of a complaint, the board:
  - (1) may conduct a preliminary investigation into the identity of the nurse named or described in the complaint;
  - (2) shall make a timely and appropriate preliminary investigation of the complaint; and
  - (3) may issue a warning or reprimand to the nurse.
- (d) After any preliminary investigation to determine the identity of the subject of the complaint, unless it would jeopardize an investigation, the Board shall notify the nurse that a complaint has been filed and the nature of the complaint. If the investigation reveals probable cause to take further disciplinary action, the Board shall either attempt an informal disposition of the complaint or file a formal charge against the nurse stating the provision of this chapter or board rule that is alleged to have been violated and a brief description of each act or omission that constitutes the violation.
- (e) The Board shall conduct an investigation of the complaint to determine:
  - (1) whether the nurse's continued practice of nursing poses a risk of harm to clients or other persons; and
  - (2) whether probable cause exists that a nurse committed an act listed in Section 301.452(b) or that violates other law.
- (f) In making a determination under Subsection (e), the board shall review the evidence to determine the extent to which a deficiency in care by the registered nurse was the result of deficiencies in the registered nurse's judgment, knowledge, training, or skill rather than other factors beyond the nurse's control. A determination that a deficiency in care is attributable to a registered nurse must be based on the extent to which the registered nurse's conduct was the result of a deficiency in the registered nurse's judgment, knowledge, training, or skill.
- (g) If the board determines after investigating a complaint under Subsection (e) that there is reason to believe that a nurse's deficiency in care was the result of a factor beyond the nurse's control, the board shall report that determination to the patient safety committee at the facility where the nurse's deficiency in care occurred, or if the facility does not have a patient safety committee, to the chief nursing officer.

**Sec. 301.458. Initiation of Formal Charges; Discovery.**

- (a) Unless there is an agreed disposition of the complaint under Section 301.463, if probable cause is found under Section 301.457(e)(2), the Board or the Board's authorized representative shall file formal charges against the nurse.
- (b) A formal charge must:
  - (1) be written;
  - (2) be specific enough to enable a person of common understanding to know what is meant by the formal charge; and
  - (3) contain a degree of certainty that gives the person who is the subject of the formal charge notice of each particular act alleged to violate a specific statute, board rule, or board order.
- (c) A copy of the formal charge shall be served on the nurse or the nurse's counsel of record.
- (d) The Board shall adopt reasonable rules to promote discovery by each party to a contested case.

[Subsection (a) amended by Acts 2013 (S.B. 1058), 83rd Leg., eff. Sept. 1, 2013.]

**Sec. 301.459. Formal Hearing.**

- (a) The board by rule shall adopt procedures under Chapter 2001, Government Code, governing formal disposition of a contested case. An administrative law judge employed by the State Office of Administrative Hearings shall conduct a formal hearing. After receiving the administrative law judge's findings of fact and conclusions of law for a contested case, the board shall dispose of the case by issuing a final order based on the administrative law judge's findings of fact and conclusions of law.
- (a-1) Notwithstanding Section 2001.058(e), Government Code, the board in a contested case may not change a finding of fact or conclusion of law or vacate or modify an order of the administrative law judge. The board may obtain judicial review of any finding of fact or conclusion of law issued by the administrative law judge as provided by Section 2001.058(f)(5), Government Code. For each case, the administrative law

judge may make a recommendation regarding an appropriate action or sanction. The board has the sole authority and discretion to determine the appropriate action or sanction.

(b) In any hearing under this section, a nurse is entitled to appear in person or by counsel.

[Amended by Acts 2017 (H.B. 2950), 85th Leg., eff. Sept. 1, 2017.]

**Sec. 301.460. Access to Information.**

(a) Except for good cause shown for delay and subject to any other privilege or restriction set forth by statute, rule, or legal precedent, the Board shall, not later than the 30th day after the date the board receives a written request from a license holder who is the subject of a formal charge filed under Section 301.458 or from the license holder's counsel of record, provide the license holder with access to:

- (1) all known exculpatory information in the Board's possession; and

(b) The Board is not required to provide:

- (1) Board investigative reports or investigative memoranda;
- (2) the identity of non-testifying complainants;
- (3) attorney-client communications;
- (4) attorney work product; or
- (5) other materials covered by a privilege as recognized by the Texas Rules of Civil Procedure or the Texas Rules of Evidence.

(c) The provision of information under Subsection (a) does not constitute a waiver of privilege or confidentiality under this chapter or other applicable law.

**Sec. 301.461. Assessment of Costs Prohibited.**

The Board may not assess a person who is found to have violated this chapter the administrative costs of conducting a hearing to determine the violation.

[Amended by Acts 2017 (H.B. 2950), 85th Leg., eff. Sept. 1, 2017.]

**Sec. 301.462. Voluntary Surrender of License.**

The Board may revoke a nurse's license without formal charges, notice, or opportunity of hearing if the nurse voluntarily surrenders the nurse's license to the Board and executes a sworn statement that the nurse does not desire to be licensed.

**Sec. 301.463. Agreed Disposition.**

(a) Unless precluded by this chapter or other law, the Board may dispose of a complaint by:

- (1) stipulation;
- (2) agreed settlement;
- (3) agreed order; or
- (4) dismissal.

(b) An agreed disposition of a complaint is considered to be a disciplinary order for purposes of reporting under this chapter and an administrative hearing and proceeding by a state or federal regulatory agency regarding the practice of nursing.

(c) An agreed order is a public record.

(d) In civil or criminal litigation an agreed disposition is a settlement agreement under Rule 408, Texas Rules of Evidence.

**Sec. 301.464. Informal Proceedings.**

(a) The Board by rule shall adopt procedures governing:

- (1) informal disposition of a contested case under Section 2001.056, Government Code; and
- (2) an informal proceeding held in compliance with Section 2001.054, Government Code.

(b) Rules adopted under this section must:

- (1) provide the complainant and the license holder an opportunity to be heard; and

- (2) require the presence of a representative of the Board's legal staff or of the Attorney General to advise the Board or the Board's employees.

**Sec. 301.465. Subpoenas; Request for Information.**

- (a) Notwithstanding Section 2001.089, Government Code, the Board may request issuance of a subpoena to be served in any manner authorized by law, including personal service by a board investigator or by certified mail.
- (b) Each person shall respond promptly and fully to a request for information by the board or to a subpoena issued by the Board. A request or subpoena may not be refused, denied, or resisted unless the request or subpoena calls for information within the attorney-client privilege. No other privilege applies to a board proceeding.
- (c) The Board may pay a reasonable fee for photocopies subpoenaed at the Board's request. The amount paid may not exceed the amount the Board charges for copies of its records.
- (d) The Board shall protect, to the extent possible, the identity of each patient named in information received by the Board.

[Subsection (a) amended by Acts 2013 (S.B. 1058), 83rd Leg., eff. Sept. 1, 2013.]

**Sec. 301.466. Confidentiality.**

- (a) A complaint and investigation concerning a nurse under this subchapter, all information and material compiled by the board in connection with the complaint and investigation, and the information described by Subsection (d) are:
  - (1) confidential and not subject to disclosure under Chapter 552, Government Code; and
  - (2) not subject to disclosure, discovery, subpoena, or other means of legal compulsion for release to anyone other than the Board or a board employee or agent involved in license holder discipline.

- (d) Notwithstanding Subsection (c), if the board orders a nurse to participate in a peer assistance program approved by the board under Section 467.003, Health and Safety Code, the complaint, filing of formal charges, nature of those charges, final board order, and disciplinary proceedings are subject to disclosure:
  - (1) only to the same extent as information regarding a complaint is subject to disclosure under Subsection (b); or
  - (2) in a subsequent matter relating to the board order or a subsequent violation of this chapter or a board rule.

**Sec. 301.468. Probation.**

- (a) The Board may determine that an order denying a license application or suspending a license be probated. A person subject to a probation order shall conform to each condition the Board sets as the terms of probation, including a condition:
  - (1) limiting the practice of the person to, or excluding, one or more specified activities of professional nursing or vocational nursing;
  - (2) requiring the person to submit to supervision, care, counseling, or treatment by a practitioner designated by the Board; or

- (3) requiring the person to submit to random drug or alcohol tests in the manner prescribed by the board.
- (b) At the time the probation is granted, the Board shall establish the term of the probationary period.
- (c) At any time while the person remains subject to the probation order, the Board may hold a hearing and rescind the probation and enforce the Board's original action in denying or suspending the license. The hearing shall be called by the presiding officer of the Board, who shall issue a notice to be served on the person or the person's counsel not later than the 20th day before the date scheduled for the hearing that:
  - (1) sets the time and place for the hearing; and

- (d) Notice under Subsection (c) is sufficient if sent by registered or certified mail to the affected person at the person's most recent address as shown in the Board's records.
- (e) A hearing under this section is limited to a determination of whether the person violated the terms of the probation order under Subsection (a) and whether the board should:
  - (1) continue, rescind, or modify the terms of probation, including imposing an administrative penalty; or
  - (2) enter an order denying, suspending, or revoking the person's license.
- (f) If one of the conditions of probation is the prohibition of using alcohol or a drug or participation in a peer assistance program, violation of that condition is established by:

**Sec. 301.470. Refund.**

- (a) Subject to Subsection (b), the board may order a license holder to pay a refund to a consumer as provided in an agreement resulting from an informal settlement conference instead of or in addition to imposing an administrative penalty under this chapter.
- (b) The amount of a refund ordered as provided in an agreement resulting from an informal settlement conference may not exceed the amount the consumer paid to a nurse for a service regulated by this chapter or the actual amount stolen or defrauded from a patient by the nurse. The board may not require payment of other damages or estimate harm in a refund order.

**Sec. 301.471. Emergency Cease and Desist Order.**

- (a) If it appears to the board that a person who is not licensed under this chapter is violating this chapter, a rule adopted under this chapter, or another state statute or rule relating to the practice of professional nursing or vocational nursing and the board determines that the unauthorized activity constitutes a clear, imminent, or continuing threat to the public health and safety, the board may:

  - (3) contain a notice that a request for hearing may be filed under this section.
- (c) Unless the person against whom the emergency cease and desist order is directed requests a board hearing in writing before the 11th day after the date it is served on the person, the order is final and nonappealable as to that person. A request for a board hearing must:
  - (1) be in writing and directed to the board; and
  - (2) state the grounds for the request to set aside or modify the order.
- (d) On receiving a request for a hearing, the board shall serve notice of the time and place of the hearing by personal delivery or registered or certified mail, return receipt requested. The hearing must be held not later than the 10th

day after the date the board receives the request for a hearing unless the parties agree to a later hearing date. A hearing under this subsection is subject to Chapter 2001, Government Code.

- (e) After the hearing, the board shall affirm, modify, or set aside wholly or partly the emergency cease and desist order. An order affirming or modifying the emergency cease and desist order is immediately final for purposes of enforcement and appeal.
- (f) An order under this section continues in effect unless the order is stayed by the board. The board may impose any condition before granting a stay of the order.
- (g) The board may release to the public a final cease and desist order issued under this section or information regarding the existence of the order if the board determines that the release would enhance the effective enforcement of the order or will serve the public interest.
- (h) A violation of an order issued under this section constitutes grounds for imposing an administrative penalty under this chapter.

  - (2) the Director's recommendation on the imposition of the administrative penalty, including a recommendation on the amount of the penalty.
- (b) Not later than the 14th day after the date the report is issued, the Executive Director shall give written notice of the report to the person on whom the penalty may be imposed. The notice may be given by certified mail. The notice must:
  - (1) include a brief summary of the alleged violation;
  - (2) state the amount of the recommended penalty; and
  - (3) inform the person of the person's right to a hearing on the occurrence of the violation, the amount of the penalty, or both.

### **Sec. 301.504. Penalty to be Paid or Hearing Requested.**

- (a) Not later than the 20th day after the date the person receives the notice, the person may:

- (b) An administrative law judge of the State Office of Administrative Hearings shall hold the hearing.
- (c) The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the board a proposal for decision as to the occurrence of the violation and the amount of any proposed administrative penalty.

**Sec. 301.506. Decision by Board.**

- (a) Based on the findings of fact, conclusions of law, and proposal for decision, the Board by order may:
  - (1) find that a violation occurred and impose an administrative penalty; or
  - (2) find that a violation did not occur.
- (b) The notice of the Board's order given to the person under Chapter 2001, Government Code, must include a statement of the right of the person to judicial review of the order.

**Sec. 301.507. Options Following Decision: Pay or Appeal.**

- (a) Not later than the 30th day after the date the Board's order becomes final, the person shall:
  - (1) pay the administrative penalty;
  - (2) pay the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both; or
  - (3) without paying the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both.
- (b) Within the 30-day period, a person who acts under Subsection (a)(3) may:
  - (1) stay enforcement of the penalty by:
    - (A) paying the penalty to the court for placement in an escrow account; or
    - (B) giving to the court a supersedeas bond that is approved by the court and that:
      - (i) is for the amount of the penalty; and
      - (ii) is effective until judicial review of the Board's order is final; or
  - (2) request the court to stay enforcement of the penalty by:
    - (A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the penalty and is financially unable to give the supersedeas bond; and
    - (B) giving a copy of the affidavit to the Executive Director by certified mail.
- (c) If the Executive Director receives a copy of an affidavit under Subsection (b)(2), the Executive Director may file with the court a contest to the affidavit not later than the fifth day after the date the copy is received.
- (d) The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty and to give a supersedeas bond.

**Sec. 301.508. Collection of Penalty.**

If the person does not pay the penalty and the enforcement of the penalty is not stayed, the executive director may refer the matter to the Attorney General for collection of the penalty.

**Sec. 301.509. Determination by Court.**

**Sec. 301.510. Remittance of Penalty and Interest.**

- (a) If after judicial review, the administrative penalty is reduced or not imposed by the court, the court shall, after the judgment becomes final:
  - (1) order that the appropriate amount, plus accrued interest, be remitted to the person if the person paid the penalty; or
  - (2) order the release of the bond in full if the penalty is not imposed or order the release of the bond after the person pays the penalty imposed if the person posted a supersedeas bond.

A committee member is not prohibited from reporting:

- (1) the nurse, if the member has knowledge of the nurse's conduct independently of peer review; or

- (b) A nursing peer review committee member or a person participating in peer review under this chapter named as a defendant in a civil action or subjected to other retaliatory action as a result of participation in peer review may use information that is otherwise confidential under this chapter to defend the civil action or a civil action that alleges retaliation for the person's participation in peer review.
- (c) A person who discloses information under Subsection (b) does not by that action waive the privilege of non-disclosure of all other information privileged under this chapter.

**Sec. 303.010. Civil Liability.**

- (a) A cause of action does not accrue for an act, statement, determination, or recommendation made, or act reported, without malice, in the course of peer review against:
  - (1) a member, agent, or employee of a nursing peer review committee; or
  - (2) a school of nursing, hospital, nursing home, home health agency, health science center, or other health care facility, the nursing staff of such a facility, or a nursing association or other organization.

A determination that a deficiency in care is attributable to a nurse must be based on the extent to which the nurse's conduct was the result of a deficiency in the nurse's judgment, knowledge, training, or skill.

- (b) The nursing peer review committee shall report a deficiency in care that the committee determines was the result of a factor beyond the nurse's control to a patient safety committee for evaluation. The patient safety committee shall evaluate the influence of the factors on the conduct of the nurse being evaluated and on the practice of other nurses within the entity that established the committee. The committee shall report its findings to the nursing peer review committee.

**Sec. 303.012. Error Classification System.**

- (a) The board may develop a standardized error classification system for use by a nursing peer review committee in evaluating the conduct of a nurse. The board shall make the system available to the committee at no cost.
- (b) Information collected as part of an error classification system is a record of the nursing peer review committee and is confidential under Section 303.006.
- (c) A nursing peer review committee may report the information collected using the error classification system to the board. The committee may not report to the board under this section information that includes the identity of an individual nurse or patient.
- (d) Information the board receives under this section that contains information identifying a specific patient, nurse, or health care facility, the committee, or the sponsoring organization of the committee is confidential and is not subject to disclosure under Chapter 552, Government Code. ## **Chapter 304. Nurse Licensure Compact**

### **Sec. 304.001. Nurse Licensure Compact.**

The Nurse Licensure Compact is enacted and entered into with all other jurisdictions that legally join in the compact, which is as follows:

#### **Nurse Licensure Compact**

[Repealed by Acts 2017 (H.B. 2950), 85th Leg., eff. Dec. 31, 2018.]

### **Sec. 304.0015. Nurse Licensure Compact.**

The Nurse Licensure Compact is enacted and entered into with all other jurisdictions that legally join in the compact, which reads as follows:

#### **Nurse Licensure Compact**

##### **Article I. Findings and Declaration of Purpose**

- (a) The party states find that:
- (1) the health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;
  - (2) violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;
  - (3) the expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
  - (4) new practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;
  - (5) the current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and
  - (6) uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.
- (b) The general purposes of this compact are to:
- (1) facilitate the states' responsibility to protect the public's health and safety;
  - (2) ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;
  - (3) facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;
  - (4) promote compliance with the laws governing the practice of nursing in each jurisdiction;
  - (5) invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;
  - (6) decrease redundancies in the consideration and issuance of nurse licenses; and
  - (7) provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

##### **Article II. Definitions**

As used in this compact:

- (a) "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws that is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.
- (b) "Alternative program" means a nondisciplinary monitoring program approved by a licensing board.
- (c) "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.
- (d) "Current significant investigative information" means:
- (1) investigative information that a licensing board, after a preliminary inquiry that includes notification and an

- opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proven true, would indicate more than a minor infraction; or
- (2) investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
- (e) “Encumbrance” means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.
- (f) “Home state” means the party state which is the nurse’s primary state of residence.
- (g) “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.
- (h) “Multistate license” means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.
- (i) “Multistate licensure privilege” means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.
- (j) “Nurse” means RN or LPN/VN, as those terms are defined by each party state’s practice laws.
- (k) “Party state” means any state that has adopted this compact.
- (l) “Remote state” means a party state, other than the home state.
- (m) “Single-state license” means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.
- (n) “State” means a state, territory, or possession of the United States and the District of Columbia.
- (o) “State practice laws” means a party state’s laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

### **Article III. General Provisions and Jurisdiction**

- (a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.
- (b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state’s criminal records.
- (c) Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:
- (1) meets the home state’s qualifications for licensure or renewal of licensure, as well as all other applicable state laws;
  - (2) (i) has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN preclicensure education program; or  
(ii) has graduated from a foreign RN or LPN/VN preclicensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved preclicensure education program;
  - (3) has, if a graduate of a foreign preclicensure education program not taught in English or if English is not the individual’s native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;
  - (4) has successfully passed an NCLEX-RN or NCLEX-PN Examination or a recognized predecessor, as applicable;
  - (5) is eligible for or holds an active, unencumbered license;
  - (6) has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state’s criminal records;

- (7) has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;
  - (8) has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;
  - (9) is not currently enrolled in an alternative program;
  - (10) is subject to self-disclosure requirements regarding current participation in an alternative program; and
  - (11) has a valid United States social security number.
- (d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.
  - (e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.
  - (f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.
  - (g) Any nurse holding a home state multistate license, on the effective date of this compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:
    - (1) a nurse, who changes primary state of residence after this compact's effective date, must meet all applicable Article III(c) requirements to obtain a multistate license from the new home state; or
    - (2) a nurse who fails to satisfy the multistate licensure requirements in Article III(c) due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("commission").

#### **Article IV. Applications for Licensure in a Party State**

- (a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.
- (b) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.
- (c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the commission.
  - (1) The nurse may apply for licensure in advance of a change in primary state of residence.
  - (2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.
- (d) If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

#### **Article V. Additional Authorities Invested in Party State Licensing Boards**

- (a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:
  - (1) take adverse action against a nurse's multistate licensure privilege to practice within that party state.
    - (i) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.
    - (ii) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

- (2) issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.
  - (3) complete any pending investigation of a nurse who changes primary state of residence during the course of such investigation. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.
  - (4) issue subpoenas for both hearings and investigations that require the attendance and testimony of a witness, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedures of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.
  - (5) obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions.
  - (6) if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.
  - (7) take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.
- (b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.
  - (c) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

#### **Article VI. Coordinated Licensure Information System and Exchange of Information**

- (a) All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.
- (b) The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.
- (c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials), and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.
- (d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.
- (e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.
- (f) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.
- (g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.
- (h) The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:
  - (1) identifying information;

- (2) licensure data;
  - (3) information related to alternative program participation; and
  - (4) other information that may facilitate the administration of this compact, as determined by commission rules.
- (i) The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

**Article VII. Establishment of Interstate Commission of Nurse Licensure Compact Administrators**

- (a) The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.
- (1) The commission is an instrumentality of the party states.
  - (2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.
  - (3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.
- (b) Membership, Voting, and Meetings
- (1) Each party state shall have and be limited to one administrator. The head of the state licensing board or a designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.
  - (2) Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and the creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.
  - (3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.
  - (4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.
  - (5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:
    - (i) noncompliance of a party state with its obligations under this compact;
    - (ii) the employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;
    - (iii) current, threatened, or reasonably anticipated litigation;
    - (iv) negotiation of contracts for the purchase or sale of goods, services, or real estate;
    - (v) accusing any person of a crime or formally censuring any person;
    - (vi) disclosure of trade secrets or commercial or financial information that is privileged or confidential;
    - (vii) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
    - (viii) disclosure of investigatory records compiled for law enforcement purposes;
    - (ix) disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or
    - (x) matters specifically exempted from disclosure by federal or state statute.
  - (6) If a meeting or portion of a meeting is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.
- (c) The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact, including but not limited to:
- (1) establishing the fiscal year of the commission;
  - (2) providing reasonable standards and procedures:
    - (i) for the establishment and meeting of other committees; and
    - (ii) governing any general or specific delegation of any authority or function of the commission;
  - (3) providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals,

and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

- (4) establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;
  - (5) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and
  - (6) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.
- (d) The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the commission.
- (e) The commission shall maintain its financial records in accordance with the bylaws.
- (f) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.
- (g) The commission shall have the following powers:
- (1) to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states;
  - (2) to bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;
  - (3) to purchase and maintain insurance and bonds;
  - (4) to borrow, accept, or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;
  - (5) to cooperate with other organizations that administer state compacts related to the regulation of nursing, including, but not limited to, sharing administrative or staff expenses, office space, or other resources;
  - (6) to hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;
  - (7) to accept any and all appropriate donations, grants, and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;
  - (8) to lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed; provided that at all times the commission shall avoid any appearance of impropriety;
  - (9) to sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;
  - (10) to establish a budget and make expenditures;
  - (11) to borrow money;
  - (12) to appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, consumer representatives, and other such interested persons;
  - (13) to provide and receive information from, and to cooperate with, law enforcement agencies;
  - (14) to adopt and use an official seal; and
  - (15) to perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.
- (h) Financing of the Commission
- (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.
  - (2) The commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states.
  - (3) The commission shall not incur an obligation of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the party states, except by and with the authority of such party state.
  - (4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under

its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(i) Qualified Immunity, Defense, and Indemnification

- (1) The compact administrators, officers, executive directors, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property, or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damages, loss, injury, or liability caused by the intentional, wilful, or wanton misconduct of that person.
- (2) The commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, wilful, or wanton misconduct.
- (3) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional, wilful, or wanton misconduct of that person.

### **Article VIII. Rulemaking**

- (a) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.
- (b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.
- (c) Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:
  - (1) on the website of the commission; and
  - (2) on the website of each licensing board or the publication in which each state would otherwise publish proposed rules.
- (d) The notice of proposed rulemaking shall include:
  - (1) the proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
  - (2) the text of the proposed rule or amendment, and the reason for the proposed rule;
  - (3) a request for comments on the proposed rule from any interested person; and
  - (4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.
- (e) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.
- (f) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.
- (g) The commission shall publish the place, time, and date of the scheduled public hearing.
  - (1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.
  - (2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.
- (h) If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule.
- (i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.
- (j) The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

- (k) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, and in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:
- (1) meet an imminent threat to public health, safety, or welfare;
  - (2) prevent a loss of commission or party state funds; or
  - (3) meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.
- (l) The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

### **Article IX. Oversight, Dispute Resolution, and Enforcement**

- (a) Oversight
- (1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.
  - (2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.
- (b) Default, Technical Assistance, and Termination
- (1) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:
    - (i) provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and
    - (ii) provide remedial training and specific technical assistance regarding the default.
  - (2) If a state in default fails to cure the default, the defaulting state's membership in this compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
  - (3) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.
  - (4) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of the termination, including obligations that extend beyond the effective date of termination.
  - (5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.
